Site Selection Process

- Sister Cities International’s policies for selecting the site of future conferences allow participation from all of the membership in submitting a proposal from eligible and available options. An outline of the present process is as follows:
  - The SCI Conference Committee requests interest bids from the eligible cities approximately two years in advance.
  - Once all full proposals are received, they are reviewed by the SCI Conference Committee. A select number of cities will be invited to present their proposal in-person during the SCI Conference Committee Meeting during the 2016 Annual Conference in Washington, D.C. on Thursday, July 14. After the conclusion of the presentations, committee members will select a city location and this recommendation will go to the Board of Directors for approval. After receiving approval on the location from the Board of Directors of Sister Cities International, SCI staff works with HelmsBriscoe for its venue/hotel evaluation and selection process and both will partner extensively with the local community on recommendation and process.
  - Venue/Hotel Request for Proposals will be sent by HelmsBriscoe to the selected city’s Convention & Visitors Bureau and eligible venues/hotels, and all bids must be sent to Vickie Corder, vcorder@helmsbriscoe.com and Meghan Schmidt, mschmidt@sistercities.org for initial review.
  - On-site inspection of the hotel(s) under consideration is made by SCI Staff to determine if criteria is met for accessibility, and that location and meeting space is appropriate for the membership.
  - With the site selected, HelmsBriscoe will handle the contract negotiations on behalf of SCI and upon approval and agreement of the contract, SCI will then sign the final contract with the Conference hotel and proceed with the detailed planning of the conference.
