FORT WORTH HAS BEST SISTER CITIES PROGRAM IN NATION

Fort Worth, Texas – 10th time to be recognized with award

At today’s Sister Cities International annual conference attended by over 1,200 people from around the world, Fort Worth was recognized as having the “Best Sister Cities Program in the Nation” for the 10th time in its 35-year history.

“We recognize the significance of the international relations established for our city and its citizens through Fort Worth Sister Cities International and are proud to once again accept this award. We have an amazing network of members and volunteers that work tirelessly to bring impactful programs to Fort Worth for students, adults and businesses,” said Veronica Chavez Law, Chairwoman.

Established 35 years ago, Fort Worth Sister Cities has brought international attention to Fort Worth through its nine sister city relationships in China, Eswatini, France, Germany, Hungary, Indonesia, Italy, Japan, and Mexico in an effort to create respect of and better understanding between cultures.

With a major focus on youth programming, Sister Cities serves a diverse group of students creating culturally competent youth who are prepared for the challenges of a global community. These programs help decrease violence, racism and stereotypes in Fort Worth and abroad. They focus on international understanding and leadership training which can change the trajectory of a student's life.
