Sister Cities International
1012 14th Street N.W
Washington, DC 20005

Dear Sister Cities International,

It is my pleasure to wholeheartedly endorse Carlo Capua as a candidate for your Board of Directors.

Carlo has been a fixture in our Fort Worth Sister Cities program for three decades and has held leadership roles on your national board. He is skilled at bringing people together, he understands the importance of people-to-people diplomacy, and his expertise with virtual events would be a great asset to any organization challenged with keeping their members connected in the post-COVID world.

I have personally seen the impact Carlo has made on Fort Worth since his transition from being an entrepreneur. In less than 12 months working for our city, he has built consensus among our councilmembers on the need for a focus on global affairs. He has become our city's informal protocol officer, organizing visits for foreign diplomats, representing Fort Worth around the country, and developing global economic partnerships with our city.

I have no doubt that Carlo would be an excellent fit in this role.

Sincerely,

Mattie Parker
Mayor
