

Amandla – South Africa’s untold freedom story

Walk with legends in Johannesburg and Soweto

Experiential historical Joburg city and Soweto tour, with a twist!

This beautiful land would not be what it is today without the legends who lay down their lives in sacrifice for it. It is these South African icons that the “Untold Stories” Day Tours serve to revere, while giving visitors the opportunity to literally experience history through an immersive walk back in time. Tour guides have been carefully selected to charismatically simulate the figures they have taken on as alter-egos. They have intimately studied and adopted every detail of their character, including their dialect, dress and life experience. Guests have the opportunity to meet and engage with a historic pioneer, and to get answers to questions never before posed.
