

Sister Cities International  
1012 14th Street NW Suite 1400  
Washington DC 20005

April 20<sup>th</sup>, 2024

Dear Sirs:

As the Treasurer and Board Member of Sister Cities International, it is with great pleasure that I recommend Victor Wang as a candidate for the board of Sister Cities International.

I have worked with Victor for several years and have known him for over 15 years.

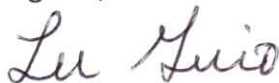

I am sure that Victor will be an outstanding board member. He has lived in both China and Japan and is fluent in Chinese, Japanese, and English. Victor is the CEO at SINOSV LLC, Founder and Chairman at China Silicon Valley. His professional experience includes President at Hanhai Investment, Founding Partner at zPark Venture, Founder and CEO at a Silicon Valley High-tech Healthcare software Company, and Executive at a public company and a Fortune 500 Company.

Victor holds a master's in management degree from Stanford Graduate School of Business. Additionally, Victor has earned both a Global Management Certificate and a Public Management Certificate from Stanford University. Victor has over 20 years' experience in global business management, entrepreneur and investment in China, Japan and US.

Victor has also been doing work similar to that of Sister Cities. He has been organizing and leading groups of US mayors to China and facilitating reciprocal visits to promote cultural and economic exchange and understanding.

I look forward to having Victor on our board. If I can be of further help by providing additional information, please contact me.

Regards,

Lee Guio

Treasurer and Board Member, Sister Cities International
