To Whom It May Concern:

Re: Letter of Support for Janet Huston

It is my pleasure to recommend Janet Huston for a second term as a Member of the Board of Sister Cities International. As a member of the Cincinnati - New Taipei City Sister City Partnership, she brings a deep understanding of the principles of the Sister City Movement as well as a depth of experience in working with colleagues in Taiwan.

Janet has been a long standing member of the Board of the Cincinnati USA Sister City Association (CINUSCA). Her contributions to CINUSCA initiatives and projects have been significant; her connections to organizations in Cincinnati have been very helpful. She has taken the lead in forming the International Friendship Park Advisory Committee which works with the Cincinnati Parks Board in providing programming with an global, multi-cultural focus that highlights not only Cincinnati's nine Sister City Partnership, but the other traditions and cultures found in Cincinnati.

Janet asks the right questions to ensure that our goals are clear and that we are focused on the mission. I believe that the Sister Cities International and the SCI Board of Directors will benefit from her continued contributions through a second term.

If you are in need of any additional information, please do not hesitate to let me know.

Sincerely,

A handwritten signature in blue ink that reads "Robert C. Herring".
